(1) **IN THE RED**—"I'm Not Really A Waitress," a classic red shade, has become OPI's best-selling polish to date, having sold more than half a million bottles. It was also *Allure* magazine's "Reader's Choice" for best nail polish last year.

(2) **GIMME A KISS**—Kiss Me mascara doesn't paint lashes. Instead, it forms tubes of color around them and won't run or smear. Visit www.kissmemascara.com for details.
